

## LE NOMBRE DU JOUR

JE DÉCOMPOSE

DIZAINÉ	UNITÉ

Figure 1 displays a 3x3 grid of scatter plots showing the relationship between the number of children (X-axis) and the number of children in the household (Y-axis). The rows represent different countries (USA, Canada, UK) and the columns represent different years (1990, 2000, 2010). Each plot shows a positive correlation between the number of children and the number of children in the household, with the correlation being stronger in the USA and Canada than in the UK. The plots are labeled with the country and year in the top left corner.

Country	Year	Correlation Coefficient (approx.)
USA	1990	0.85
USA	2000	0.80
USA	2010	0.75
Canada	1990	0.75
Canada	2000	0.70
Canada	2010	0.65
UK	1990	0.60
UK	2000	0.55
UK	2010	0.50

## J'ÉCRIS EN LETTRES

A blank sheet of graph paper with a grid of blue lines. A vertical red line runs down the left side, creating a margin. The grid consists of 10 columns and 20 rows. The red line is positioned at the first column from the left.

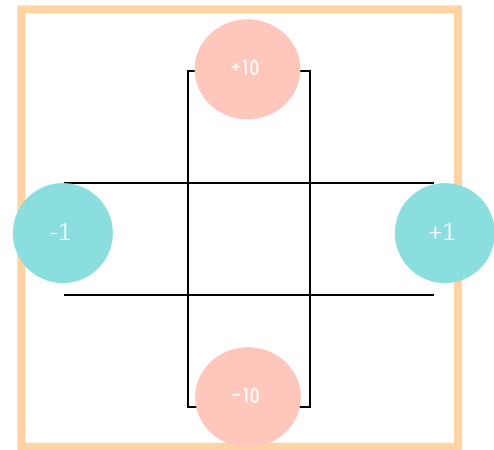

## LE NOMBRE DU JOUR

JE DÉCOMPOSE

DIZAINE	UNITÉ

Figure 1 consists of nine scatter plots arranged in a 3x3 grid. The rows represent three countries: USA, Canada, and Australia. The columns represent three different years: 1990, 2000, and 2010. Each plot shows the relationship between the number of children in the household (X-axis) and the number of children in the family (Y-axis). The X-axis ranges from 0 to 10, and the Y-axis ranges from 0 to 10. The plots show a positive correlation between the two variables, with the number of children in the family generally increasing as the number of children in the household increases. The USA shows the highest number of children in the household, followed by Canada and then Australia. The number of children in the family also increases over time for all three countries.

Country	Year	Number of children in the household	Number of children in the family
USA	1990	0	0
		1	1
		2	2
USA	2000	0	0
		1	1
		2	2
USA	2010	0	0
		1	1
		2	2
Canada	1990	0	0
		1	1
		2	2
Canada	2000	0	0
		1	1
		2	2
Canada	2010	0	0
		1	1
		2	2
Australia	1990	0	0
		1	1
		2	2
Australia	2000	0	0
		1	1
		2	2
Australia	2010	0	0
		1	1
		2	2

## J'ÉCRIS EN LETTRES

A blank sheet of graph paper with a grid of blue lines. A vertical red line runs down the left side, creating a margin. The grid consists of 10 columns and 20 rows. The red line is positioned at the start of the first column.
